Letter of Recommendation

To whom it may concern,

It is my pleasure to recommend Ira. She is a dedicated and hardworking team member with a strong talent for visual design and creative work. She communicates clearly and professionally, which makes collaboration with her easy and efficient.

I can always rely on Ira to complete her work on time and to a high standard without needing constant guidance. She works independently, takes ownership of her responsibilities, and consistently delivers quality results.

Beyond her creative talent, Ira is reliable, proactive, and a great team player. I would highly recommend her to any team or organisation looking for someone who is both skilled and dependable.

Please feel free to contact me should you require any further information.

Kind regards,

Teun Bouwman
Owner, Dream Unit
